

# Methods of test for petroleum and its products Ⓓ

**BS 2000-466: Liquid petroleum  
products Ⓓ Unleaded petrol Ⓓ  
Determination of organic oxygenate  
compounds and total organically bound  
oxygen content by gas chromatography  
using column switching**

**(Identical with IP 466/2001)**

The European Standard EN 13132:2000 has the status of a  
British Standard

ICS 75.160.20

# National foreword

This British Standard is the official English language version of EN 13132:2000.  
The UK participation in its preparation was entrusted to Technical Committee PTI/13, Petroleum testing and terminology, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

**The Institute of Petroleum publishes and sells all parts of BS 2000, and all BS EN petroleum test methods that would be part of BS 2000, both in its annual publication "Standard methods for analysis and testing of petroleum and related products and British Standard 2000 parts" and individually.**

**Further information is available from:**

**The Institute of Petroleum, 61 New Cavendish Street, London W1M 8AR.  
Tel: 020 7467 7100. Fax: 020 7255 1472.**

## Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled "International Standards Correspondence Index", or by using the "Find" facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**
